WOMEN VOTERS OBSERVE DAY

10th Anniversary of Suffrage
Marked by Carrie Chapman
Catt Address
By The Associated Press
WASHINGTON, March 25.—With Carrie Chapman Catt, for 40 years a suffrage campaigner, as featured speaker, the National League of Women Voters today celebrated the 10th anniversary of the passage of the 19th amendment.

Plenty of Problems
Speaking from New York City, the National Broadcasting company chair, she said that "there are many problems enough, both social and economic, to keep every woman of us to keep in mind the 10th anniversary of the passage of the 19th amendment."

Unfinished Work
An unfinished problem she cited was the wage, hours, working conditions, and trade union status of the women in industry. She asked for a continued campaign against the spirit of labor which she said, was likely to be about in state legislatures, and in national and international conferences.

KELVINATOR

NOW you may turn over the entire problem of healthful food preservation in your home, to an electric servant—the new Super-Automatic Kelvinator. Without care or worry on your part, this marvelous new development of Kelvinator engineering will efficiently supervise every task for which modern electric refrigeration was designed.

Iso-Thermic Tubes for Automatic Fast Freezing

Here is a feature that will appeal to every user of electric refrigeration—a special Kelvinator compartment that gives extra-fast freezing, automatically. Note the spiral coil of Iso-Thermic Tubes, indicated by arrows. This, in effect, is a Cold Plate, in which intense cold is concentrated. Ice cubes and desserts are frozen in half the usual time. Yet food compartments are not affected. A feature exclusive to Kelvinator and standard equipment on all 1930 Kelvinator models.

of food freezing. And the Kelvinator Cold Keeper cuts down operating periods fully one-third.

Larger size Kelvinators have a separate compartment where perishable foods may be kept indefinitely. Renders a service similar to that of big cold storage plants. Invaluable for large homes, country estates and clubs.

“... In every way, the Viking has more than lived up to my expectations”

For ease of handling, snappy performance, and comfort, my Viking has more than lived up to my expectations.

The speedometer of my Viking turned the 10,000 mile mark in a little over five months. During this time, I had only the regular inspections and one brake adjustment. You know I must have good brakes to control speeds above 80 miles an hour!

Judging from past experience with other makes of cars, I feel that I have received at least \$300 extra value in the Viking.

John J. Bonnell
Architect
Plainfield, N. J.

“Extra value” is a mighty good expression to describe the Viking. Or, to phrase it in another way, the Viking offers, at medium price, many of the characteristics formerly associated only with higher priced cars.

First, it is a 90-degree, V-type eight of advanced design—and gives you all the smoothness, quietness, and ready power for which this type of engine is famous. The Viking has performance—whether you judge it by speed, power, acceleration, or neatness of operation. Just ask any owner!

Second, the Viking is a beautiful car. Its lines are trimly tailored. It is low and sleek appearing. And its interiors carry out this beauty in their luxurious appointments.

Third, it is a comfortable car. The Viking is generous in size and unusually roomy inside. Seats are wide and deep-cushioned. Springs and shock absorbers are synchronized to provide splendid roadability.

Finally, the Viking Eight is built to last—to give continued good service month after month.

Viking owners are enthusiastic. And you'll be enthusiastic, too, once you know this car and drive it.

You Like Marilyn? You'll Like Sally

If you like Marilyn Miller, you'll like "Sally," a musical comedy at the Palace this week. The show was presented for the first time last night, and will be given again tonight and Thursday nights.

From the time she received the first few artistic steps in a restaurant to the finale which finds her trapped out of a church with "out here" on her arm, Sally's dancing is the outstanding feature of the show.

This trend to EIGHTS is a trend to HUDSON

The wide, new interest in 8-cylinder cars is another tribute to Hudson leadership. For it sweeps aside the barrier of high premium on eight-cylinder quality. It establishes in this field a new scale of low ownership costs—in price, in operation and in maintenance. It is ruggedly built for long-lasting reliability.

That is why you find thousands of former "Six" owners enjoying its distinction and brilliant performance with better economy than they ever knew. It is why long-time eight-cylinder buyers are turning in great number to the advantages of Hudson's exclusive new type.

It is why this word, which you see, toward "Eight", is really the public acclaim of Hudson's Good.

This car stands at the pinnacle of Hudson's record of value-giving. Any comparison you choose to make must emphasize that impression. Its advantages of fine appearance, quality and distinctive type never to surpass.

Beautiful, luxurious and powerful—no car is faster to get away—none so smooth and vibrationless in every performance—none more longingly fine in satisfactory, reliable operation.

Come see, and ride in, the most modern and advanced of Eights. From whatever viewpoint you regard car ownership—whether rich appearance, distinguished performance or value of possession—it questions the wisdom of not paying more for any car.

Hansel and Gretel Opera Cast Includes Many Stars

Opera for School Children Will End Series Presented by Lecture-Recital Club; To Be Given at Central Junior Auditorium April 3.

"Hansel and Gretel" the opera as delightful for children, to be presented at 2:45 o'clock Thursday afternoon, April 3, at Central Junior High school as the third attraction on the School concert series will be brought here through the efforts of the Lecture-Recital Club, with the assistance of T. B. Evans, director of music in the school.

Through the courtesy of Vladimir Rosing, director of the American Opera Co., the artists and conductor from that organization have been secured for the Hansel and Gretel opera.

Euphie Stern, soprano, who sings the role of "Gretel" is from Illinois. She has been with the Cincinnati Grand Opera Company for two seasons and for one season with the American Opera Company. Among her roles have been those of "Madame Butterfly" in the opera of that name, "Mikaela" in the opera "Carmen," "Suzanna" in "The Secret of Samana" and "Gretel" in "Hansel and Gretel."

Maria Nivras, mezzo-soprano who plays "Hansel" was born in Austria-Hungary and brought here by her parents who were a musical family. In 1927 she was in the American Grand Opera in Chicago, as well as the state of Illinois opera. Her list of roles in opera is an interesting one.

Earl Piper, tenor-soprano, who takes the part of mother and of the witch, is from St. Louis. She attended her education, notably as well as her primary opera experience, in Italy and France.

Willard Schneider, who plays the father and acts as stage manager, is from New York state, where he sang as a choir boy. After eight months coaching in Chicago, he sang his first season with the Cincinnati Grand Opera Company in 1929. His repertoire of opera includes 33 roles, learned in two years time and played in more than 120 performances.

Willard Rhodes, conductor and pianist, has played a considerable part in the run of the American Opera Company and the Cincinnati Opera Company, for he has been an

PALE, NERVOUS GIRL, 6, GAINS 2 POUNDS IN WEEK

"My little girl was pale and thin. Now since giving her Vinol, she has nice rosy cheeks and has gained 2 pounds a week."—Mrs. G. Henderson.

Vinol supplies the body important mineral elements of iron, calcium with cod liver phosphate. This is just what this nervous children or adults need, and the QUICK results are surprising. The very first bottle often adds several pounds weight. Vinol tastes delicious. Henny & Cooper, Druggists.—Adv.

Knowledge of Geography Will Aid Census Takers

WHEN District Supervisor Frank A. Berry's enumerators go out on April 2 to begin taking the 1930 census, they will need to know their geography and also something of the recent history of the world, according to instructions which are being sent out from the census bureau.

Among the most important questions to be asked of everybody in the coming census are those relative to the place of birth of the person enumerated and the place of birth of his father and mother.

Many Need Atlas

If the person or his parents were born in Europe, the census taker may have to get out his atlas to find out what nation now owns the locality. If, for example, a person was born 20 years ago in the province of Bohemia, which was at that time a part of the Austro-Hungarian Empire, the census enumerator should put down Czechoslovakia as the person's birthplace, although no such country existed when the person was born.

By reason of changes brought about by the World War and the Treaty of Versailles, boundary lines in Europe have wavered like ribbons in the wind. On the present day map of Europe are seven countries and one free city which did not exist in 1911, while in the Near East five new nations have sprung up from territory which was formerly called the Ottoman Empire.

In most instances, the person enumerated will know what government now controls his place of birth, but when he does not know, it is up to the census enumerator to supply the information.

General Knowledge Helpful

In the white population of the United States as enumerated at the census of 1920 there were 18,712,754 persons who were born in foreign countries, and there were 22,689,204

The new Chrysler-built De Soto Straight Eight bases its tremendous appeal to the public not on low price alone—but on the smartness, comfort and performance it gives so generously. Chrysler Motors engineers have endowed this new Eight with outstanding engineering features. They have given it marvelous speed, pick-up and smoothness—and to the fascination of flashing performance have added the satisfaction of long-lived reliability and true economy. Public preference is richly rewarding the fine qualities of the De Soto Straight Eight—indeed it is already enjoying as sensational a success as that registered by its famous companion car, the De Soto Six, the largest-selling first-year car in the history of the automobile industry.

YOU ARE PAYING FOR A PACKARD

Why not own one?

The First Cost of Ownership. Just because the first cost of one automobile is lower than another, it does not follow that depreciation is less. Depreciation—one of the major costs of motoring—depends upon the length of time the owner keeps his car. Suppose you are driving a car of similar size to a Packard Standard Eight—but lower in price by half—and trading it in every two years or so. You are paying as much depreciation as you would on the Packard, providing you keep the Packard twice as long.

The After Costs of Ownership. Lower first cost does not mean lower operating and maintenance rates, either. Gasoline, oil and tires cost as much for a half-price car of like size as they do for the Packard Standard Eight. So do license, insurance, garaging and repairs, in the aggregate. It costs you as much, therefore, to operate a half-price car as it would a Packard—and you do not enjoy the beauty, comfort and distinction, the luxury of Packard Eight transportation.

The Natural Conclusion. Why not get what you are paying for? Let us appraise your present car. If it is of average value it will make or exceed the down payment on your new Standard Eight—and the remainder may be arranged on convenient monthly payments. It costs no more to own a Packard. Why not buy one now?

The price of the most popular model of the Packard Standard Eight—the five-passenger Sedan—is but \$2485 at the factory. Ten other body styles are available on the 127½ and 134½-inch wheelbases at from \$2425 to \$2885.

THE sidereal operations for this day promise some small complications, anxieties, and delays, but as a general thing affairs are lively and hold a measure of advancement. Literary and business matters should find high stimulus.

Those whose birthday it is may look for a lively and progressive year despite small anxieties, delays and complications. A child born on this day should be clever, versatile, shrewd and fairly successful.

KIDNEYS MUST HAVE PLENTY OF WATER

Also Take Salts Occasionally If You Back Hurts or Bladder Bothers

Kidney and bladder irritation often result from acidity, says a noted authority. The kidneys help filter this acid from the blood and pass it on to the bladder, where it may remain to irritate and inflame, causing a burning, stinging sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread; the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it because they can't control urination. While it is extremely annoying and sometimes very painful, this is often one of the most simple ailments to overcome. Begin drinking lots of soft water, also get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will help neutralize the acids in the system so they no longer are a source of irritation to the bladder and urinary organs, which then act normally again.

Jad Salts is inexpensive, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by acid irritation. Jad Salts causes no bad effects whatever.

Here you have a pleasant effervescent lithia-water drink which may quickly relieve your bladder irritation.—Adv.

You Don't Have To Wear a Size Sixteen To Find a New Spring Dress—Because There's Plenty of Half and Larger Sizes Which Are Definitely Becoming to the Not So Small Figure

- Flowered Chiffons!
- Navy Georges!
- Ensembles!
- Lace Dresses!
- Sport Frocks!
- Prints! Plain Shades!

IT'S really little wonder that we are selling so many of these new Dresses—because they're brand NEW—just purchased especially for this event. And there's such a diversity of styles—of fabrics—of colors—of styles—of sizes.

And if you are one whose figure requires a larger than average size—you're certain to find a dress to fit you perfectly some on.

Included In These Three Groups Are Many New Banquet Dresses

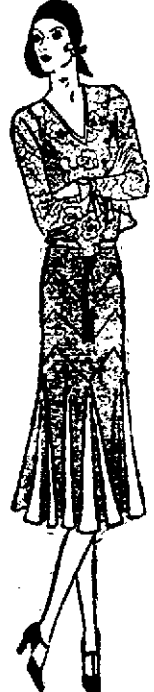

- Dyed Lace
- Printed Chiffon
- Printed Net

MANY of the girls who are graduating or want formal dresses are choosing these pretty inexpensive frocks now....they're so sweet....light, airy and dainty.

Of course, they all conform to the new mode. Fitted waistline, long skirts—frocks which will just appeal to the younger girl.

Former Highway Supervisor Pleads Guilty to Two Charges

REIFF GIVEN FINE OF \$200

Attorney Asks Leniency, Saying that Money Had Been Paid to State.

Special To The Star
BUCYRUS, March 26—J. R. Reiff, former state highway supervisor of Crawford county, today had been fined \$200 on one count and sentenced to prison on another count when he pleaded guilty to charges contained in a grand jury indictment. Reiff was indicted during the year on 17 counts of payroll padding and forgery. He was charged with having taken two men on his state highway payroll who were not employed by him. He also was indicted on counts of having forged their names to the checks. W. D. Schwack, attorney for Reiff, asked the court to be lenient with the defendant. He pointed out that the amount of \$200, that the state charged had been taken from the payroll, had been paid back to the grand jury. Reiff was employed by the highway department until the fall of 1929. When first arraigned on the charges he entered a plea of not guilty.

Wrong Time of Month

To some women the calendar is a tyrant, with certain days set aside for pain. Such martyrdom is needless! Midol—acting directly on the organs affected—disposes of every bit of pain at such a time.

Midol is NOT a narcotic. It does nothing to interfere with the natural and necessary menstrual process, but it eases the organs in five to seven minutes in even the most severe cases. Furthermore, the woman who takes a tiny tablet of Midol in time will experience no suffering at all.

For your own sake, investigate Midol and see how reliable and complete is its relief—no matter how hard a time you've always had. At every drugstore to trim aluminum case for fifty cents.—Ad.

CHRISTIAN TEAM WINS CAGE PENNANT

BEATS WALDO AFTER UNCERTAIN START

Winners Trail Throughout Two Quarters of Play; Rally in Last To Win Handily.

HAIL the Champions! Central Christian No. 1 cage defeated the hard fighting Waldo Lutheran five last night in the playoff game for the Marion church championship for 1930. The score was 22 to 23.

Waldo came into the game fighting to gain a lead and outplayed the winners for several minutes. Vic Gillis gave the visitors their first chance to score by fouling. It came when he dropped through a single center in two attempts.

Waldo came into the game fighting to gain a lead and outplayed the winners for several minutes. Vic Gillis gave the visitors their first chance to score by fouling. It came when he dropped through a single center in two attempts.

In the second period little scoring was done by either team. Both were fighting for the ball and the defensive work kept the scoring down. W. Renner left the game during the quarter by the four foul rule. The score at the half stood 12 to 5 with Waldo still in the lead.

Waldo runs 10 score. Waldo ran the score to 15 and 10 on Christian in the third stanza before the winners finally got back into their scoring habits. At this point of the game the tide turned to Christian with Gillis brothers and Ward counting baskets in rapid succession. Waldo took time out when the score was knotted to attempt to map out a new defense but the Christians had gotten their eye on the net by this time and would not be stopped. Only once more was the Waldo team able

SPORT SLANTS

Alan J. Gould

By The Associated Press

TWO of the greatest pitchers of the last two decades come to the cross-roads this year, where either may strike another good year or hit the trail that leads to oblivion.

No names have been any more illustrious in the flinging fraternity than Herbert Pennock and Grover Cleveland Alexander, Pennock, one of the great southpaws of all time, has never been defeated in world's series competition. Alexander, who ranks with Johnson, Mathewson, Walsh and Young among the foremost right-handers of all time, has studied his career with comebacks and sensational performances.

Pennock was not of much service to the Yankees last year. Neuritis made his pitching arm virtually useless and it is a question whether it will respond to workouts this spring. If not, he probably will retire, for Pennock is comfortably fixed after nearly 20 years of major league service and needs scarcely no minor league occupation.

Alexander, back with the Phillies after a dozen years in the West with the Cubs and Cardinals, showed signs of slipping again last year, although he managed to score enough victories to maintain his place as one of the greatest pitchers of all time. "Old Pete" has traveled a rough and bumpy road, but he has been anything but the well known straight and narrow. Alex's cynical spirit has often been his undoing but his great right arm has kept its strength and control for a long time. He was thought to be through when the Cubs sold him down the river to St. Louis and most everyone knows how big a part he played in helping the Cardinals win two pennants.

Sam Breadon, St. Louis club owner, thinks Alex has at least one more good season in his arm and looks for the change of scenery to benefit him. The Phillies will welcome any con-

tributions the veteran can make to the winning column.

It is worth noting how successful many of the famous old ball batteries of baseball have become. Alexander's former backstop, Bill Killefer, with whom he was sold to the Cubs, now is managing the St. Louis Browns.

The noted Washington battery of pre-war days, Johnson and Street, also has joined the managerial ranks. Barney is starting his second year at the helm of the old club, the Senators, while Gabe Street is taking a whirl at piloting the Cardinals.

Montreal Brown and Johnny Kling were famous in the days of old baseball now but Brown is a wealthy oil man, located in southern Illinois, while Kling has a diversity of interests centered about Kansas City.

The score that was good enough to tie for the National Open golf championship in each of the last two years—20—wasn't worth a dime in the Savannah Open, where the Smith boy and the Jones boy went wild, tallying 278 and 279, for the 72-hole route.

TOLEDO, March 26—Officials of the Toledo American Association baseball club have announced the outright purchase of Dewitt "Doc" Lebrun, slugging outfielder, from the world's champion Philadelphia Athletics.

GIANTS DON'T WANT ROUGH

SAN ANTONIO, March 26—I don't care whether he reports or not. That was the "death sentence" Manager John McGraw of the New York Giants handed Ed Roush, star center-fielder today. With Roush long overdue, McGraw said efforts to find him "somewhere in Indiana" had been fruitless and that the Giants had decided to go merrily on their way sans his services.

INTER-LEAGUE PLAY PROVES TEAM POWER

American and National Circuits Have Broken Even in Pre-Season Contests

By The Associated Press

NEW YORK, March 26—Inter-league conflict in spring baseball exhibition has "proved" that the National and American leagues are of evenly equal playing strength.

Of the 39 games involving teams from each league, the National has won 19, the American 19 and one, between the New York Giants and Chicago White Sox, ended in a tie.

From a National league standpoint the Brooklyn Robins and Boston Braves have been most effective against clubs from the rival circuit.

The Robins have won three of their four games with American league rivals while the Braves have won seven of twelve.

In the American league only the Chicago White Sox and Detroit Tigers can boast better than an even break with the National league. The White Sox have won four out of six and Detroit four out of seven.

The New York Yankees and Philadelphia Athletics together have lost one more game than they have won from the other circuit.

The Yankees have won six of seven and the A's have broken even in ten contests.

In the compilation of all spring games, regardless of the character of the opposition, the Washington Senators lead the list with four victories and no defeats. All of the Senators' triumphs have been scored over minor league clubs.

The Boston Red Sox and Cleveland Indians also have perfect records, each with two wins against minor league opposition.

Shires Must Fight for Old Position

By The Associated Press

SAN ANTONIO, Tex., March 26—Charles Arthur Shires may be as great as he claims to be but he has to prove it to Donnie Bush, manager of the White Sox.

Although the "great one" gained reinstatement and signed a contract at Chicago yesterday, he will have to fight to get his old first base job back. Manager Bush said, Bud Clancy has been tending to the bag in great fashion all spring.

Shires, the last of the White Sox holdouts, was enroute to camp today, pennant but "all set to outbid Hornsby and Ruth."

Ruth Optimistic Over Yanks' Pennant Hopes

By The Associated Press

ST. PETERSBURG, Fla., March 26—Always an optimist, Babe Ruth is ready to show cause why he thinks the New York Yankees are going to win the American league pennant.

The A's, he says, reached top form in the world's series and "perhaps by now they've slipped."

"The Yankees have been strengthened," Ruth explains. "Chapman will be all right at third if he hits the old apple a little harder. I don't see how Vernou Gomez can miss being a regular pitcher."

O'DOUL EXPLAINS BEATING

By The Associated Press

WINTER HAVEN, Fla., March 26—Lefty O'Doul, Philly outfielder and champion league batter last year, says he was so mad when the Giants traded him to the Phils "because he couldn't hit" that he had to do something about it.

"So every time I stepped to the plate," he said, "I said 'Here's one for me and one for McGraw.' I'm set for me and one for McGraw."

ROOKIE HURLS GOOD GAME

By The Associated Press

LOS ANGELES, Cal., March 26—George Bell, a six foot two inch strapping just up from Dixie, today had an inside track in the race for the three or four pitching berths open on the championship Cubs team. Bell turned in an impressive 5 to 0 victory over Los Angeles yesterday.

MAR-O-DEL CLUB MEETING

A meeting of all who have signed for membership in the new Mar-O-Del golf club will be held tonight in the Y. M. C. A. at 7:30. The meeting is for the purpose of organizing and all are urged to be present. A report will be made on the progress of the construction of the course.

MANAGERS MEET TONIGHT

In 1930 the deadline for entries in the Marion Y. basketball tournament will be scheduled to occur on Friday night on the Y. M. C. A. There will be a meeting of managers at 7:30 tonight at which time entries will be checked and drawings made for the opening game. All managers are urged to be present for this meeting.

COMPLETE CAGE PLAY

The cage play will be completed tonight at 8:30 in the Y. M. C. A. The final score will be 11 to 10. In the second game, Marion Y. defeated the team from the Y. M. C. A. 11 to 10.

URGE ARGENTINEAN TO SIGN MANAGER

Commission Tells Victorio Campolo To Fight and Let Some One Else Direct Them.

BY DAVID J. WALSH

NEW YORK, March 26—On the theory that he is managing himself out of the heavyweight championship and the last 50 percent of a million dollars, Victorio Campolo will be summoned in on the axminster of a certain mid town office in a day or two and informed that hereafter somebody else will do the managing and that he will do the fighting. Personally, I feel that the latter is very wanton optimism and that the man couldn't fight if they gave him a cricket bat for each hand but, then, nobody seems to agree with me in a very pointed way and besides this isn't supposed to be the point.

"The point, it seems, is that Campolo is making the same mistake that was made by Willard, Dempsey and Firpo and that there is too much potential money tied up in him to let him keep on making it."

Willard, for instance, decided he didn't need a manager at Toledo and at the end of the third round he had justified the economy. By that time he didn't need a manager. He needed a physician against Tunney at Philadelphia and when the fight was over, he needed no manager, either.

All he needed was sympathy. Firpo went for without a manager but, in that first round with Dempsey, he might have gone all the way. If he only had had a "mouthpiece" to blow the whistle for him.

They are going to use this incident by the way, as an argument with Campolo. He quite obviously is patterning himself after the hero of the Argentine, even to the generously paying the manager's percentage to himself. However, they are going to tell him that he is untrustworthy and that he is untrustworthy.

Anyhow, it is felt that man who will go out of his way to mingle intimately with John Husko ought to be restrained by cooler heads or something. John is a fellow who makes the good ones look bad and the bad ones look good. He is a fellow who is not only a good fighter but a good promoter.

Although fans are frankly skeptical of Tracton's chances against the former football player today expressed confidence that he will stay the limit.

CARNERA MEETS GRIDDER

By The Associated Press

KANSAS CITY, March 26—Primo Carnera, 270-pound Italian carpenter, tonight will attempt to increase his steadily growing string of knockout victories at the expense of George Tracton, professional football star, who previously donned the padded gloves to defeat Art Shires, Chicago White Sox first baseman.

Although fans are frankly skeptical of Tracton's chances against the former football player today expressed confidence that he will stay the limit.

BUD CRAM CAPTAINS FIRST STRING TEAM

Selections Made by Sports Editor and Officials; Two Sets of Brothers Gain Posts.

BY BOB KIRKPATRICK

Sports Editor, The Star

NOW that the basketball season is completed for the year 1930 in Marion Y. church league is concerned, we turn our attention to the awarding of the honors to those players who have demonstrated unusual ability throughout the season.

The members of the All-Star church teams were picked by the sports editor of the Star with the aid of those

man to his team. Applegett played consistently on defense.

The work of Cram at guard was nothing short of sensational. For the season, Cram also demonstrated his ability to score the needed points by standing well up in the leading scores. For his quality leadership he is also given the honor of being Captain of the first string.

Strine of the first half Waldo players. Strine was an excellent player whose work all season has earned him as hard to beat.

Perhaps some of the second string would give the first stringers a good battle for their positions but for all that is allowed on one team as others must be relegated to the second lineup. Forwards for the No. 2 team are Sage and Rayburn both of the Presbyterians. J. Gillis of the champions gets the call at center, Osterbolt of Baptist and C. Strine of Waldo get the two remaining posts. There they are, now pick up the pieces!

Pirates Worried by Series of Injuries

By The Associated Press

OAKLAND, Cal., March 26—Three clouds continue to darken the Pirates' bright skies: Lloyd Waner's condition, Pie Traynor's injury, Burleigh Grimes' absence.

It now seems doubtful if Lloyd's slow in regaining strength following an operation, will be ready to play nine innings by the time the season opens.

Pie Traynor, too, has been absent from his third base position for several days suffering from a sore eye and Grimes, pitching ace, ended a stay at Hot Springs, Ark., yesterday with his salary differences with the club management remained unchanged.
